- **Human Languages:** English (fluent), Arabic (fluent, speaking only)

PROJECTS

TermChat | github.com/antonyattia/TermChat

- A fully functional, easy-to-use chat program in the terminal.
- Coded in C and utilizes NCurses as its command line interface (CLI).
- Uses UNIX sockets for networking, supports both server and client modes.
- Fully documented and open-source.
- Currently working on implementing SSH for secure and encrypted communication.

Personal Website | antonyattia.me

- Built a personal website using HTML and CSS.
- Implemented Bootstrap for seamless mobile viewing, and Font Awesome for vector icons.
- Currently working on implementing JavaScript and JQuery for transition animations.

EDUCATION

- Bachelor of Computing (B.COMP.) in Computer Science (Honours, Co-op)
University of Guelph - *Guelph, ON* 2014 – 2019
- Ontario Secondary School Diploma (OSSD)
St. Augustine Catholic High School - *Markham, ON* 2010 – 2014
 - Graduated as an Ontario Scholar and an Honour Roll student each year.
